### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

### DETAILED ACTION

This Action is in response to Applicant's response filed on 12/7/2006. **Claims 1-4, 6-12** are still pending in the present application. **Claim 5** has been cancelled. **This action is made FINAL.**

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

**Claim 4** is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Consider the last limitation of claim 4, which states "wherein, based on the reliability indicated by the priority-data, executes an intermediate correction procedure." The specification describes an intermediate correction procedure that is executed on a time delay in communications between the first terminal device and the communications relay device. (page 6, lines 9-19; page 8, lines 8-23; page 9, line 11 to page 10 line 5) Claim 4 recites a terminal device executing an intermediate correction procedure, which is not described in the specification. Furthermore, if the Applicant chooses to remove this limitation, the previous

rejection will apply as being unpatentable over **Edge et al (United States Patent Application Publication #2003/0069033 A1)** in view of **Mitsugi (United States Patent #6,959,198 B2)**.

*Allowable Subject Matter*

**Claim 1-3 and 6-8 are allowed** as indicated in the Office Action mailed 10/05/2006.

**Claims 9-12** have been amended to overcome the rejections under 35 U.S.C. 112, 2<sup>nd</sup> paragraph, set forth in the Office Action mailed 10/05/2006. Therefore, **claims 9-12 are allowed.**

*Conclusion*

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
